Classes

At CCSC, class sizes are small to facilitate individual progress. Most classes have a maximum enrollment of 8-10 students, many with two instructors. We offer both hour-long classes and half-hour classes which focus on specific skill sets.

Our training is positive, effective, and fun!

Instructors

Headed by CCSC owners **Ginger Huxley, Kathy Echols, CPDT**, and **Andrea Meinhart**, all CCSC instructors have years of experience teaching, training, and showing dogs in various disciplines.

Our instructors have both purebred and mixed breed dogs achieving National rankings, winning National Championships, High In Trial and High Combined, MACH, and Best in Show.

Our philosophy is to help our students and their dogs be successful at any level they aspire to.

Our goal is to help you find fun, positive ways to train a dog who is a joy to live with. Whether you want a great pet or a top competition dog, we can help you achieve your goals.
